Website creation 1
HTML-CSS-*(JS)*

Coder-dojo Castlenock
Winter 2016 (Oct to Dec)

Summary

Suitable for beginners. Improvers from last year are welcome and will be able to work on their own projects where subjects are repeated.

Ninjas will be able to create a group of web pages with links, pictures, movies, with suitable navigation controls by Christmas. The last classes will be spent creating their own design (probably seasonally inspired) page(s).

A class for 8+ . Ninjas younger than 12 must have a parent helping them in the class (this is not optional). Laptops required (linux, windows, or mac) (windows 7 or 10 prefered) Windows XP should be avoided.

Max 25 seats (i.e. Ninjas + parents <= 25)

Classes

2016-10-03: My web page

2016-10-10: HTML with style

2016-10-17: Media (European coding)
